Professional Summary

Data analyst with hands-on experience in Python, SQL, Power BI and Excel. Experienced in data cleaning, transformation, dashboard development, KPI reporting and exploratory data analysis. Passionate about converting business data into actionable insights that improve operational efficiency and support strategic decision-making.

Technical Skills

Programming	Python, SQL, Java
Visualization	Power BI, Tableau, Excel Dashboards, Matplotlib
Database	SQL
Tools	Power Query, Git, GitHub, VS Code
Data Analysis	Pandas, NumPy, Advanced Excel, EDA, Data Cleaning, Data Validation, Statistics
Soft Skills	Problem Solving, Communication, Teamwork, Adaptability

Professional Experience

Data Analyst <i>Anudip Foundation</i>	Present
- Cleaned, transformed and validated datasets using Python, SQL and Excel, improving data quality by 25%. - Developed interactive Power BI dashboards and automated reports, reducing reporting time by 30%. - Built KPI reports for training, attendance, placements and centre operations to support management decisions.	
Data Analyst Intern <i>Rooman Technologies</i>	2025
- Performed exploratory data analysis using Python and SQL on business datasets. - Built Power BI and Excel dashboards for business performance tracking. - Improved reporting efficiency by 20% through visualization and automation.	

Key Projects

DeepTech Analytics & Reporting Dashboard	Present
- Automated reporting for student enrollment, attendance, placements and centre performance. - Built interactive Power BI dashboards using Python, Excel and Power Query (reduced manual effort by 35%).	
DMart Sales Analytics Dashboard	Jan 2025
- Built KPI dashboards using SQL, Excel and Power BI to analyse revenue, profit, customer trends and sales performance. - Improved reporting efficiency by 25%.	
Restaurant Sales & Performance Dashboard	Nov 2024
- Analysed restaurant sales, customer ordering behaviour and peak business hours to design Power BI dashboards. - Improved reporting efficiency by 20%.	
HR Analytics Dashboard	Aug 2025
Performed data cleaning using Python, identified employee attrition factors, and developed KPI-driven HR dashboards.	

Education

B.Tech – Electronics & Comm. Eng.
G. Pullaiah College of Eng. and Tech.
2021–2025 **CGPA: 8.85**

Intermediate (MPC)
AP Model Junior College (2019–2021) **CGPA: 9.44**

SSC
AP Model School (2018–2019) **CGPA: 9.30**

Certifications

- Data Analytics – Rooman Tech (2025)
- NPTEL Java – IIT (2024)
- MATLAB Onramp – MathWorks (2023)
- Data Structures & Algorithms
- Advanced Excel for Data Analysis
- Power BI for Data Analytics
